why are uppercase and lowercase letters a thing? why don't we just write in all caps or all lc.? it's basically just western languages that do this? is this another relic of our eurocentric mentality and world? if so, i reject this way of life

You have to ask their permission first. They could not feel comfortable doing this. I'm not saying your a bad person, but just put yourself in their shoes.

I would say something along the lines of "respect boundaries" and "correcting grammar doesn't make you cool" but i don't really have the temperament

i know none of those forumers!

i've heard of people with* usernames *like that, but not actual names!

aka, kiddo, we all know what you're trying to do.

two big rules on our forum:* always *call a user by their nickname, and use good grammar.

A nickname is like Riri, or Future: what silverangel1607 and I use as our nicknames. Other forumers have theirs in their Signature.
Also why do i have four votes + my own
Next time just keep me out please :'D

Future, that's a little rude. They probably don't know that, or can't help themselves.
